

WHAT CAN YOU DO?

Call your Ontario County Board of Supervisor Representative

Demand they STOP the GASIFICATION BOONDOGGLE

Demand an end to importing OTHER PEOPLE'S GARBAGE INTO OUR COMMUNITY

Demand a Sustainable, GREEN Waste Management Masterplan for Ontario County

BE RESPONSIBLE

Recycle Diligently

Use Energy Thoughtfully

Join a GREEN organization

Teach Your Children

DO YOUR PART

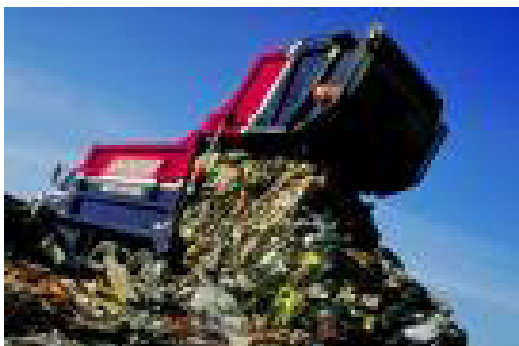

SPREAD THE WORD
IMPORTING GARBAGE IS BAD PUBLIC POLICY

DID YOU KNOW.....???

**Ontario and Seneca Counties are now
the GARBAGE CAPITALS OF
the NORTHEASTERN UNITED STATES**

**Ontario County IMPORTS THOUSANDS of
TONS of GARBAGE from other regions and
states EVERY DAY.**

**That 83% of the garbage handled in Ontario
County comes from outside our region**

**Last year over 20 million gallons of hazardous
liquid leachate from this garbage was released
into our wastewater stream. Next year there
will be MORE.**

**That Ontario County wants to build a
“GASIFICATION” plant to BURN the millions of
tons of added garbage that will be
trucked into our region.**

**That “GASIFICATION” is an unproven
technology that WILL release waste
products that can be:**

HAZARDOUS to OUR AIR

HAZARDOUS to OUR WATER

HAZARDOUS to OUR HEALTH
